**REVIEW**

of the manuscript, editorial number \_\_\_\_\_ entitled: \_\_\_\_\_

manuscript volume: \_\_\_\_\_ pages, submitted for publication in *Linguistische Treffen in Wrocław* no. \_\_\_\_\_

		YES	Partly <sup>1</sup>	NO
1	The subject matter of the manuscript submitted for review is in line with the journal's profile.			
2	The manuscript submitted for review is scholarly in nature.			
3	The topics tackled in the manuscript are relevant and reflect the latest research in the field.			
4	The content of the manuscript submitted for review corresponds to the title and the scholarly aims formulated by the author/authors.			
5	The abstracts and the keywords provide sufficient information about the content of the paper and the contents of the abstracts are not copied in the manuscript proper.			
6	The structure of the paper is clear and logical.			
7	The methodology is appropriate and relevant to the research problem tackled in the paper.			
8	Argumentation is appropriate for the author's analysis.			
9	The paper contains an independent and original contribution to the development of the discipline.			
10	The conclusions formulated in the paper are appropriately substantiated.			
11	The selection of the literature on the subject, including the latest literature, is appropriate.			
12	The way scholarly literature is quoted is complete and correct.			
13	The manuscript is correct in formal terms (linguistic correctness, editorial correctness <sup>2</sup> ).
